GMO Hosting & Security Launches New Domain/Hosting Brand Rocket Net

Tokyo – February 23, 2010 – GMO Internet Group company, GMO Hosting & Security announces the establishment yesterday of the new Internet infrastructure services brand Rocket Net. Rocket Net includes a domain registration service, Rocket Domain and web hosting service, Rocket Server.

New Service Brand: Rocket Net

The concept for the new brand is “simple, fast, low-cost” domain registration and web hosting services.

Low-Cost Low-cost hosting but with high-spec servers and a full range of options designed to meet a wide range of needs for both businesses and individuals.

Fast Customers can begin using domain registration and web hosting services just 15 minutes after submitting an application.

Simple The domain/server administration tool, Rocket Net Cockpit features easy, intuitive operation that enables even first time users to manage domain and server operation. The tool also makes it possible to purchase a range of options using a single login ID eliminating the need to manage multiple IDs.

Rocket Domain: Domain Registration Service

Rocket Domain offers low cost domain registration. Customers who sign up for six or twelve month web hosting contracts at the same time as acquiring a domain, will receive the first year's registration free.
